VOLUME 1, ISSUE 5

JULY 10, 2009

RecKids Travel Through Time and Discover American History!

This week at RecKids Camp, we traveled through time and learned about American History! Each day we traveled to a new decade and learned about the activities, fashions, and other trends of that time.

On Wednesday, the campers visited the Heritage House on campus to learn more about the history that is right under their own noses.

A few of the other activities the campers participated in this week included Jazzercise and Tae-Bo, a marshmallow tower building competition, and a scavenger hunt!

The week wrapped up on Friday with some special visitors from Miami University's Day Camp. The campers had a chance to make friends from a different camp and teach them some of our favorite UD RecKids activities.

Next up on the RecKids Camp agenda is the Cardboard Boat Regatta and we're looking forward to another fun-filled week! Please be sure to read the important information for next week in the blue box on the right side of this page.

We hope to see all of you back again. As always, if you have any questions, comments or concerns, please feel free to contact the administrative staff (Nichole, Abby, Kim or Dan) at 229-2711.

Cardboard Boat Regatta!

Next week at RecKids Camp, we'll have our second Water Week of the summer! This time, the campers will all have the opportunity to work as part of a team and build their own cardboard boat! The boats will all be tested in the pool at the end of the week.

As with the last water week, it's important for campers to come prepared to spend the majority of their day outside getting wet. We'll be sure to provide lots of sunscreen and keep everyone well-hydrated throughout the day. Be sure you don't forget to send a water bottle every day!

Campers are allowed to wear flip-flops or other "water" type shoes next week, but please be sure to send a pair of gym shoes with them each day. If it gets too hot outside or if it rains, we'll still be playing inside!
