JUNE 26, 2009

RecKids Beat the Heat During Water Week!

It may have been warm this week, but the RecKids Campers beat the heat by enjoying their Water Week festivities!

We kicked off each day with a fun-filled water activity that encouraged everyone to be wet from the beginning of each day! Campers enjoyed their usual swim time, along with a variety of water competitions and games.

Where do we begin with the variety of activities the campers participated in? The activities include a variety of water-relay races, obstacle courses, and a shaving cream shoot off! We even played a trivia game where the campers received the opportunity to pour water on their camp counselors if they answered questions wrong!

Despite the intense heat from the sun, the campers still managed to

keep cool by staying wet a majority of the week. It may have been hot, but we were lucky enough to experience great weather each day of Water Week! To go along with the theme of the week, the campers also spent one of their afternoons creating

“messages in a bottle” in which they imagined being stuck on an island. They used invisible ink to deliver messages to friends and family in hopes they would find the bottle with the message so they could help get them off of the island!

Where has time gone? It’s amazing we have already finished three weeks of camp. The camp counselors had an amazing week with all of the campers and we hope to see all you next week for Talent Showcase!

Don't Miss the RecKids Talent Show

Next week at RecKids Camp, the theme is Talent Showcase. Campers will spend time each day preparing and rehearsing for their performance at the end of the week! (Also, just a reminder that there is no camp on Friday, July 3!)

On Thursday afternoon at 3:00 p.m. the campers will perform their talent show for anyone who would like to come and watch! We’ve reserved the ArtStreet Amphitheater for this event, which is located on the corner of Kiefaber and Lawnview Street.

You won’t want to miss out on this fun event! We hope to see you all there!

IMPORTANT **Parking Information**

We just received word from the University Parking Services this week that we need to change our parking policy during late checkout time. We are very sorry for any confusion or inconvenience you may have experienced due to the sudden change!

From now on, all campers will be picked up in the back of the building at the checkout tent, regardless of whether or not they have regular or late pickup. The checkout tent will remain outside the back entrance to the building until 5:30 p.m. each day.

If you have any questions or concerns, please feel free to contact the RecKids Camp administrative team at 229-2711.
